

The 179th International Training Course on
Management of Correctional Facilities and Rehabilitation of Offenders (Online)
“Juvenile Justice and Beyond – Effective Measures for
the Rehabilitation of Juveniles in Conflict with the Law and Young Adult Offenders”

1. Duration and Participants

- From 6 to 29 September 2022
- 24 overseas participants from 16 jurisdictions

2. Programme Overview

Whereas juveniles are socially and psychologically immature, they are often more responsive to efforts at rehabilitation and reintegration with appropriate intervention and support. Therefore, it is important to promote well-being and personal development of juveniles by providing appropriate measures and treatment, making use of this formative period. In addition, this approach should also be extended to young adult offenders because cognitive function changes gradually and, consequently, young adults are similar to juveniles in many respects. Particular focus will be placed on (1) effective institutional/community-based treatment for juveniles in conflict with the law, and (2) application of principles of juvenile justice to young adult offenders.

3. Lecturers

The following Visiting Experts from overseas and Experts from Japan, as well as UNAFEI faculty members, will give lectures:

- Visiting Experts
 - Dr. Garner Clancey
Associate Professor, the University of Sydney Law School
“The Rehabilitation of Young Adult Offenders”
