

UNAFEI' s Second Alumni Webinar on 19 November 2020

UNAFEI, together with the Japan International Cooperation Agency (JICA), conducted its second alumni webinar.

Date: 19 November 2020, 19:00 ~ 20:20 (JST)

Title: "Follow-up to Recent UNAFEI Programmes and the Latest Criminal Justice Issues, Including Practical Responses to COVID-19 Threats ~ the 2nd Session"

This webinar focused on investigation, prosecution and adjudication issues. A UNAFEI professor, Mr. FUTAGOISHI Ryo made a short presentation on the challenges and measures to respond to the pandemic in investigation and prosecution practice in Japan. The alumni listed below also reported how they had made use of their experiences at UNAFEI in their daily work and shared updates on criminal justice issues faced in practice, including responses to the COVID-19 pandemic.

◆ From the 172nd International Training Course

Mr. Julio Alberto Campines (Panama)

Ms. Mithounavanh Kongmany (Lao PDR)

◆ From the 22nd UNCAC Training Programme

Ms. Olesia Victorivna Marenych (Ukraine)

Ms. Mariam Galstyan (Armenia)

Following these reports, the presenters and the audience engaged in discussion with over 90 participants gathered online. The webinar provided the opportunity to learn from each other not only regarding updates on criminal justice issues but also on issues that none of us have experienced before - criminal justice responses to the COVID-19 pandemic.

Like the first webinar, an online reunion took place after the formal session, which was a great opportunity to interact with and see each other on-screen. Despite the time differences, we appreciate the enthusiastic participation from all over the world.
